Inside Your Home

Your Decorating Problems Answered
By BEN L. WALLACE, Decorator

Mr. Wallace, Would you give me your opinion on nylon carpeting as to the wearability, cleanliness, etc.

Mrs. George B. Torrance, Mrs. B. Nylon in general is a rugged long wearing fiber. Properly woven into carpeting fiber, it becomes one of the strongest carpets that we know of for wear. Some things to look out for is buying short staples nylon, because it has a tendency to fuzz or ball up. The continuous filament nylons mix better because it will not fuzz and is very easy to clean with ordinary detergent and brush for most household stains and soils. Good quality nylon will retail from eight dollars a square yard up.

Mr. Wallace, I understand that colonial and French provincial furniture are on the way out. I am about to redecorate my home and this is the style that I have chosen, but I don't want it to pass. Would you please give me your honest opinion on this subject?

Mrs. Brad T. Lomita, Mrs. T. Colonial and French provincial styles are old standards of the industry, they probably will never go out of style. If you have the yen for this decor stay with it, because if and when these styles ever become passe, you will be ready for new furniture anyway.

Mr. Wallace, This may be an off beat question and you probably won't even answer it. But what exactly does an Interior Decorator do that the ordinary wife or husband can't do by taking a little time and shopping around. My wife and I have furnished our house completely and we get a lot of compliments from our friends who have used a fancy decorator.

Bob, Torrance, Without any formal training or professional experience the average person cannot correlate colors, buy the correct scale, proper accessories

and combine all of these into a workable pleasing interior design for a particular budget. But of course this only applies to the average person who wants help and admits it. In your case it's obvious that professional help would be of no avail. Try writing your doctor the same letter.

\$6 Million Rocket Contract Awarded To Torrance Plant

The U.S. Army Friday awarded a \$6,540,577 contract to Douglas Aircraft Company for production of components for the Army's improved Honest John rocket.

Work will be performed by Douglas Aircraft Company at its Charlotte, N.C. division at the Charlotte Ordnance Missile plant and at the company's Torrance, California, facility. Both installations are government-owned, contractor-operated plants.

An operational weapon, the improved Honest John has range and accuracy capabilities that exceed those of its predecessor, the basic Honest John. It also is three feet shorter and a thousand pounds lighter.

The weapon is a free-flight rocket capable of carrying either high explosive or a nuclear warhead, and is used to provide fire support for ground combat operations. It has been operational for several years.

Approximately \$2 million of the contract sum will go to the Charlotte division with the remainder going to the Torrance plant. It is expected that the new contract will result in hiring of several hundred new employees at Torrance when production reaches its peak.

Optometrist Attends Management Seminar

Dr. Eleanor Z. Thill of Torrance was among those attending the Second Annual Practice Management Seminar of the California Optometric Association, June 11, in Los Angeles.

A variety of speakers headed by Barney Katz, Ph.D. of Los Angeles, one of the nation's most outstanding clinical psychologists, was presented to the C.G.A. members in attendance in an all-day four unit educational program designed to improve the practitioner's service to the public.

Bible School Opens June 19

All the children of the community are invited to the Vacation Bible School to be offered by Walteria Baptist Church next week, each day Monday through Friday, June 19 to 23, from one to three o'clock. A concluding program will present to the parents a display of what the pupils have accomplished in the vacation school.

Treats and surprises add spice to the program where the boys and girls receive recognition for Bible reading and memory work. Juniors will compete in exciting "Sword Drills."

The teaching staff consists of Mr. and Mrs. Norman Goodrich and Mrs. Mary Lily in the Junior High classes; Betty Maynes, Thelma Fairchild, Marguerite McGhee, Robert Glover and Dennis Puckett with the Juniors; Evelyn Glover, Jessie Harvey, Carol Goodrich, and Robert Yanta with the Primaries; Mary Ann Vosper and Lila Patton in the Kindergarten; Joan Furlough, pianist; Ron-

and Irene Mills, director.
